GRADUATE PROGRAM ACCREDITATION
INITIAL APPLICATION

Note: This application is intended to be the first step in the process for a new or existing program.

1. Contact Information

Program Name:
University Name:
University Address:
Program Director Name/Degrees:
Phone:
Email:
Program website link:

2. Statement of Institutional Accreditation

Documentation of program location in an institution that it institutionally accredited, as defined by the United States Department of Education. An applicant institution in Canada may demonstrate a comparable external evaluation process.

3. Degree(s) Offered (e.g., MS, Sport Psychology)

Degree Offered	Degree name	Concentration	Is the program offered more than 50% online?
Example: MS	*Sport Psychology*	*Applied*	*Yes No*

The Standards are designed for accrediting graduate-level training programs focused on educating students with the goal of becoming Certified Mental Performance Consultants (CMPC).

4. Program Mission and Expected Learning Outcomes

List the program mission and the expected learning outcomes of those completing each of the programs listed in this application.

5. Program Degree Requirements

Sport and performance psychology programs, whether at the master's or doctoral level, present a curriculum that integrates empirical evidence with practical application. Training is sequential, cumulative, and designed to prepare students for individual certification. Training must prepare future professionals to engage in and contribute to a wide-range of topics in applied sport and performance psychology as specified in the eight knowledge groups that were derived from the Job Task Analysis.

A.   **List the degree requirements for the program, including course number, name, and credit hours of all required and selective courses for each degree program.**

B.   **Provide a link to the program's curricular requirements on the website.**

C.   **Provide course syllabi for all required courses**

Requirements for Degree #1		
Course number	**Course name**	**Credits (if applicable)**
Required courses		
Mentorship/Supervision Requirement		
Electives (as applicable)		
Electives	*Insert total number of credits in the last column*	
Requirements for degree completion not associated with a course (if applicable – e.g., thesis, capstone)		
	TOTAL CREDITS	

6. Other Requirements for Degree Completion

Describe any requirements (other than didactic coursework) for completion of the degree that all students must complete including total supervised work experience hours, thesis/dissertation requirements, comprehensive exams, etc.

7. Student Enrollment

Complete the table below with the number of program enrollees, by degree, for the current and past year.

Degree/Concentration	Year X	Year X
	Total enrollment	Total enrollment

8. Faculty

List all program faculty (including core, associate, and other faculty) in the table below.

Name	Rank	Core, Associate or Other faculty	CMPC Mentor?	Highest Degree Earned	% FTE dedicated to the Sport and Performance Psychology program/concentration

9. Resources Available to the Program

Briefly describe the following resources available to the program:
- **Staff**
- **Physical space for offices, classrooms, consulting, and student common space, if applicable**
- **Other resources (library, computer, lab) specifically needed for the program, if applicable**
- **Funding for program administration, operations, and student support, if applicable**

10. Accurate Publication of Educational Offerings

The program confirms that catalogs, bulletins, program handbook, websites, promotional materials, and recruitment literature contain accurate information that is consistent with the offerings presented in this application. Provide direct links to information and descriptions of all degree programs and concentrations.
